- Appendix D: HUD Income Limits

SECTION ONE: APPLICATION GUIDANCE

The purpose of this Application Guide is to provide guidance in preparing a Community Development Block Grant (CDBG) for Water or Wastewater projects that are ready to begin **CONSTRUCTION**. The grant maximum for the CDBG Water/Wastewater Construction application is \$600,000. The maximum amount of CDBG Water/Wastewater Construction funds that may be used for Activity Delivery Cost (e.g. CDBG Administrator) is eight percent (8%) of the total CDBG Water/Wastewater Construction and professional/non-construction funds. **All CDBG Water/Wastewater Construction applications must be received by the Oklahoma Department of Commerce/Community Development (ODOC/CD) no later than May 3, 2024, 5:00p.m.** Applications received after the due date will **NOT** be considered for funding.

Applicants are required to complete and submit their application and applicable attachments online at the following *Grants* web address: <https://grants.ok.gov>. **NO PAPER APPLICATIONS WILL BE ACCEPTED.** Application Guidelines containing the specific program requirements for the CDBG Water/Wastewater Construction application is available on ODOC/CD's CDBG website: <https://okcommerce.gov/community-development/>.

WARNING: Prospective applicants should review the Application Guidelines BEFORE completing the online application. Failure to meet application guidelines or properly submit required application documentation may result in a FAILED or DENIED application rating.

National Objective-CDBG Funds

The primary National Objective of the Community Development Block Grant (CDBG) Program is the “development of viable urban communities by providing decent housing and a suitable living environment, particularly for **persons of low and moderate-incomes.**”

The CDBG National Objective “benefit to low and moderate income-persons” is considered a funding PRIORITY under the State’s CDBG Program and is treated as such under the State’s individual CDBG set-asides. All project proposals submitted for funding through the State’s CDBG Program must document the achievement of the low and moderate-income National Objective as delineated in 24 CFR §570.483 (Criteria for National Objectives).

- ✓ Provide benefit to low and moderate-income persons.

Eligible Entities

Eligible applicants for the CDBG Water/Wastewater Construction Program are units of local government (incorporated towns, cities, and counties) that are **not** participants in the CDBG Entitlement Program. Oklahoma’s entitlement cities are Edmond, Enid, Lawton, Midwest City, Moore, Norman, Oklahoma City, Shawnee, and Tulsa as well as the units of local government participating in the CDBG Urban County Designation for Tulsa County which consists of the following:

City of Bixby
City of Broken Arrow
City of Collinsville
City of Glenpool

City of Jenks
City of Owasso
City of Sand Springs
City of Sapulpa

City of Skiatook
Town of Sperry
Unincorporated Tulsa County

Those successfully competing under the CDBG Water/Wastewater Construction program must provide documentation from the Oklahoma Department of Environmental Quality (ODEQ) showing that Final Plans and Specifications have been submitted, a Construction Permit has been issued, a Construction Permit Extension Letter has been issued (for permits greater than one year old) or a Permit is Not Required prior to the CDBG application deadline. This information will be verified with ODEQ.

Absolutely no engineering costs will be allowed or reimbursed using CDBG Water/Wastewater Construction funds.

Application Submission Requirements

1. City/Town and County (Direct Jurisdiction) Applicants: **City/Towns and Counties receiving a direct jurisdictional benefit may submit only one (1) grant application per CDBG Program Year** selecting from CDBG Water/Wastewater Engineering, CDBG Water/Wastewater Construction, CDBG Community Revitalization, or CDBG Rural Economic Action Plan (REAP). A City/Town and County (Direct Jurisdiction) cannot submit a CDBG application if it currently has an open CDBG grant. **Exclusions:** Economic Development Infrastructure Financing (EDIF) and Capital Improvement Planning (CIP). Typical County direct jurisdiction CDBG application projects are roads, bridges, County hospital, etc.
2. County Sponsored Applicants: Counties acting in a “sponsorship” capacity may submit a maximum of one sponsored CDBG grant application per CDBG Program Year selecting from Water/Wastewater Engineering, Water/Wastewater Construction, Community Revitalization, or Rural Economic Action Plan (REAP). **Limitation: Counties may ONLY have one (1) open sponsored CDBG grant and still make another sponsored CDBG application. Counties cannot exceed a maximum number of two (2) open sponsored CDBG grants open at any given time. Exclusions:** Economic Development Infrastructure Financing (EDIF) and Capital Improvement Planning (CIP). Counties may sponsor applications where they do not have direct jurisdiction over certain public functions. Generally, these are communities with less than \$50,000 in revenue, Rural Water Districts, and Rural Fire Districts.

Proper Sponsors

The process of determining which unit of government (a town, city or county) should submit or sponsor an application for CDBG Water/Wastewater Construction assistance must include an examination of the relationship between the location of proposed improvements in the service delivery area, and the proposed beneficiaries. The unit of government with direct jurisdiction over the majority (60%) of the proposed beneficiaries must be the sponsor or applicant for CDBG Water/Wastewater Construction funds. However, if no unit of local government has 60% of the proposed beneficiaries, then the unit of local government with most proposed beneficiaries must sponsor the application for grant assistance. Also, in some instances a county may submit an application on behalf of a town or city that cannot meet the minimum \$50,000 annual revenue financial requirements identified in the Threshold Requirements in this guide. Prospective applicants are advised to contact ODOC/CD BEFORE application submission for any questions relating to proper sponsorship should any additional clarification be required.

CDBG Water/Wastewater Construction Projects – Use of Funds

All projects shall be single purpose and must be either water or wastewater. Eligible applicants submitting under the CDBG Water/Wastewater Construction Program may only use the funds for construction, inspection, and activity delivery costs e.g., CDBG Administration.

Project Definition

Under the State’s CDBG Water/Wastewater Construction program, a project is defined as ONE eligible or sponsored unit of local government (UGLG) applying for ONE activity in which there is a benefit to only ONE geographically TARGETED AREA or an entire COMMUNITY-WIDE AREA. These areas allow for an activity in which only ONE LMI survey (as applicable) is required. If the project does not meet the above definition, it will be disqualified resulting in a FAILED application rating.

Leverage

The State’s CDBG Program requires that all leveraged CDBG project funding be in place at the time of the application submission. There are several reasons for this. **First**, the HUD based CDBG Program imposes program specific obligation and expenditure requirements. Most importantly, an applicant may simply not receive the leveraged funding as intended. This is an inefficient use of valuable CDBG program time and requires additional ODOC/CD staff time to de-obligate the contract and reallocate the contract funding to another eligible CDBG project. **Second**, applicants without secured leverage funding at the time of the application submission would require additional time for securing the funds adding time to the overall project completion timeline. **Third**, there is no foreseeable way to impose an additional timeframe for the allowance to secure leveraged funding that would be fair to all applicants given the varied types of outside funding available.

CDBG Project Eligibility Policy

Prospective CDBG Program applicants are strongly encouraged to review (24 CFR 570 Subparts A, C, I, K, and O) of the Electronic Code of Federal Regulations (<https://ecfr.io/Title-24/>) for additional regulatory CDBG Program guidance as related to State CDBG Programs. The Housing and Community Development Act Section 105(a) and 24 CFR 570.482 defines eligible activities under the State CDBG Program. While some regulatory language is direct, there are instances where more clarity is needed.

It is the policy of ODOC/CD that should a prospective CDBG Program applicant request a CDBG project/activity that does NOT appear directly eligible and cannot be immediately determined as ineligible as interpreted from CDBG regulatory guidance and ODOC/CD staff that the applicant can formally request ODOC/CD to seek a final determination from HUD officials.

- a. The prospective applicant will be required to submit a project/activity narrative regarding the requested activity. This will be required by HUD to conduct their review and make a determination. It is the responsibility of the prospective applicant to provide the narrative. The submission of the narrative to ODOC/CD will be seen as the formal request to seek a final determination from HUD.

- b. Once a detailed project narrative is received by ODOC/CD, it will be submitted to the Oklahoma City HUD office for a final eligibility determination.

Prospective applicants are advised to seek project/activity guidance as soon as possible from ODOC/CD if they have eligibility concerns. Prospective applicants should be aware that final CDBG regulatory and program guidance can take several months to receive from HUD. ODOC/CD understands that prospective applicants are subject to CDBG application deadlines; however, in absence of a final project/activity determination from HUD, ODOC/CD cannot allow an award for any requested CDBG project/activity that cannot be determined to be directly CDBG eligible. If the project/activity eligibility determination has not been received from HUD by the CDBG application deadline, the application will receive a FAIL threshold rating. Applicants are advised to consider that a determination may not be received by the CDBG application submission date.

SAM.Gov Debarred / Exclusion Check Requirement

The System for Award Management (SAM.gov) is an official website of the U.S. government. **You must have an active registration in SAM.gov to do business with the Federal Government.** There is no cost to use SAM.gov. The General Services Administration (GSA) is required by the Federal Acquisition Regulation (FAR) to compile and maintain a list of parties debarred, suspended, or disqualified by federal agencies in SAM.gov. Units of General Local Government (UGLG's), contractors as well as recipients of federal financial assistance must be registered at SAM.gov. Active registration in SAM.gov is required to apply for an award and for HUD to make a payment. ODOC/CD is required by HUD to check UGLG grantees' debarment/exclusion status in the federal SAM database and place a record on file. You can use this site for FREE to:

- Register to do business with the U.S. government
- Update or renew your entity registration
- Check status of an entity registration
- Search for entity registration and exclusion records
- Search for assistance listings (formerly CFDA.gov), wage determinations (formerly WDOL.gov), contract opportunities (formerly FBO.gov), and contract data reports (formerly part of FPDS.gov)

Per the SAM.gov User Guide, the No Active Exclusions field on the SAM.gov Entity summary indicates whether the entity has a current debarment. SAM.gov will check the exclusions list for the Unique Identify Identifier Number (UEI#) of your entity and indicate whether any exclusion records exist. If an active exclusion record exists for your entity, this question will default to "Yes," meaning that the contractor is debarred. No Record Found means that the entity is not registered or has let its registration lapse. The entity should ensure that the email address is current in SAM.gov so that when automated reminders are sent to renew registration each year that this reminder does not go into spam due to an obsolete email address.

Get started with a SAM.gov registration and the Unique Entity Identifier Number: If you have not yet started your registration, please create an individual user account and log into SAM.gov to register your entity. To register in SAM.gov, at a minimum, you will need the following information:

U.S. REGISTRANTS:

1. Legal Business Name, and Physical Address (A post office box may not be used as your physical address).).
2. Your Taxpayer Identification Number (TIN) and Taxpayer Name associated with your TIN. Review your tax documents from the IRS (such as a 1099 or W-2 form) to find your Taxpayer Name.
3. Your bank's routing number, your bank account number, and your bank account type, i.e. checking or savings, to set up Electronic Funds Transfer (EFT).

Refer to the following website [SAM.gov | Home](#) for the applicable options provided for your entity. If you have already registered, check your status by clicking on “Check Registration Status” and logging in with your username and password; then provide your UEI Number or CAGE Code. You will need to download the information provided by the site by clicking on the Download heading toward the top of the page which creates an electronic pdf copy of the document that will need to be saved for your records. That pdf will be required to be uploaded into OKGrants with the status that shows that the UGLG has an Active status and has NO ACTIVE EXCLUSIONS.

You must renew your registration every 365 days to keep it active. You can make updates to your registration anytime or during renewal.

The Build America Buy America Act (BABAA), enacted as part of the Infrastructure Investment and Jobs Act on November 15, 2021, established a domestic content procurement preference for all Federal financial assistance obligated for infrastructure projects. The domestic content procurement preference requires that all iron, steel, manufactured products, and construction materials used in covered infrastructure projects are produced in the United States. BABAA will apply to 2023 CDBG projects and CDBG projects thereafter where the total amount of Federal financial assistance exceeds \$250,000. For more information regarding BABAA, please visit [here](#).

Proposal Guidance

Technical assistance regarding eligible projects, project concepts, the application guidelines, and other information pertaining to the CDBG Water/Wastewater Construction Program is available upon request.

Applicants are encouraged to contact the staff persons listed below anytime they are uncertain about program requirements, project conceptualization, or any portion of the application packet and/or guidelines.

CDBG Water/Wastewater Construction Application inquiries may be directed to:

Karen Adair, 405-764-5164 or karen.adair@okcommerce.gov

SECTION TWO: REQUIRED DOCUMENTATION

The following narration provides detailed guidance regarding the documents needed to submit a complete CDBG Water/Wastewater Construction application. Please note that the documentation in items One (1) through Five (5) can only be completed online at the *OKGrants*' website. Items Six (6) through Fifteen (15) are attachments that are required to be completed and then electronically uploaded via the internet to the *OKGrants*' website.

1. Application Summary and Certification (*OKGrants* – Online Completion Only)

The summary requests general information about the applicant and must be completed in full. The certification attests to the accuracy and completeness of the application.

2. Detailed Line Item Budget (*OKGrants* – Online Completion Only)

The proposed activities should be highly detailed because they will provide the basis of your contract and project budget should you receive funding.

As referenced in (24 CFR 570.201-204) and (CPD Notice 13-07), costs incurred as a direct result of implementing and executing eligible CDBG activities are known as "Activity Delivery Costs". These costs are directly attributable to an eligible CDBG project activity. Under the State's CDBG Water/Wastewater Construction set-aside, the maximum amount of CDBG funds that may be used for Activity Delivery Costs by a CDBG certified administrator is eight percent (8%) of the total CDBG construction and professional/non-construction funds provided.

Requirements for Serving New Housing Developments: Applicants requesting Water/Wastewater system expansions serving new housing development must include on their Detailed Line Item Budget all sources of financing (infrastructure and housing development). Speculative projects will not be accepted.

3. Water/Wastewater Rate Structure (*OKGrants* – Online Completion Only)

Water/Wastewater rate structures must favor both strong fiscal management and conservation measures. Rate structures will be analyzed and awarded points by using portions of the "Water Resources Board's Emergency Grant Priority System." The "Total Water and Sewer Rate" section is ONLY for operators supplying customers with BOTH Water & Sewer. Applications will receive points based on the first 5,000 gallons only.

4. Consultant Form (*OKGrants* – Online Completion Only)

5. Audit (*OKGrants* – Online Completion Only)

TOWNS AND CITIES (COUNTIES ARE EXEMPT) MUST SUBMIT A COPY OF THEIR AUDIT OR THE AGREED UPON PROCEDURES BY THE APPLICATION DEADLINE. ALL TOWNS AND CITIES THAT HAVE A JUNE 30, FISCAL YEAR END DATE ARE REQUIRED TO SUBMIT A COPY OF THEIR FY 2023 AUDIT AND TOWNS AND CITIES THAT HAVE A DECEMBER 31, FISCAL YEAR END DATE ARE REQUIRED, AS A MINIMUM, TO SUBMIT A COPY OF THEIR FY 2022 AUDIT. NO APPLICATION WILL BE CONSIDERED FOR REVIEW OR FUNDING THAT DOES NOT MEET THE REQUIREMENTS STATED ABOVE.

If the city or town receives less than \$50,000 in annual revenues from its normal business and does not have an audit or agreed upon procedure, the city or town cannot apply directly to

ODOC/CD. The city or town can apply only by having the local County apply on their behalf, if the County chooses to do so.

An audit is required to be uploaded as part of the application process. Alternatively, the audit may also be submitted via postal mail to:

Oklahoma Department of Commerce
Financial Services
900 N. Stiles Ave.
Oklahoma City, OK 73104

General audit inquiries and questions regarding audit submissions should be directed to the Oklahoma Department of Commerce/Financial Services at 800-879-6552.

6. Applicant Resolution (Attachment A – Upload to OKGrants)

Applications must include a resolution passed by the current governing body requesting that particular assistance. The Resolution is required to be uploaded as part of the application process. A sample resolution is provided in Attachment “A” of the application. The Resolution is required to be signed and dated by the chief elected official. The Resolution also requires a Town/City/County seal, or it must be notarized in lieu of the seal.

7. Citizen Participation Requirement (Attachment B – Upload Form to OKGrants)

All applicants, to apply for CDBG assistance, must complete and document the following requirements: (1) create and adopt a Written Citizen Participation Plan and (2) hold an application phase public hearing regarding the CDBG Water/Wastewater Program.

Citizen Participation Plans must be officially adopted and followed by all applicants and submitted as Attachment “B” in the application. Re-stating the Citizen Participation Plan outline requirements does not constitute a valid plan. Applicants must clearly state the actions they will undertake to meet the requirements of Written Citizen Participation Plans. (Sample Citizen Participation Plan can be found in the Attachment “B” of the application.) Applicants may readopt prior years Citizen Participation Plans provided that the previous plan has been reviewed and updated as needed to adequately support the proposed project.

Documentation of the “application phase” Public Hearing is also an application requirement. Acceptable documentation consists only of the **affidavit of publication, official posting announcing where and when the hearing is to be held along with a listing of the posting locations** (posting is an acceptable method of advertising only where it is the standard method used by a unit of local government to provide notice of official meeting), or a copy of the newspaper article announcing the public hearing.

ODOC/CD requires that no less than seven (7) working days be given as advance notice of the application phase Public Hearing or any subsequent public meetings held for the purpose of discussing project activities as they relate to the CDBG Water/Wastewater Construction grant funds.

All written Citizen Participation Plans must explain how an applicant unit of local government will:

1. Provide for and encourage citizen participation, particularly by low and moderate-income persons who reside in areas where CDBG Water/Wastewater Construction funds are proposed to be used.
2. Ensure citizens will be given reasonable and timely access to local meetings, information and records relating to the unit of local government's proposed and actual use of the CDBG Water/Wastewater Construction funds, including, but not limited to, the following:
 - (a) The amount of CDBG Water/Wastewater Construction funds expected to be made available for the current fiscal year if the project is approved;
 - (b) The range of activities that may be undertaken with CDBG Water/Wastewater Construction funds;
 - (c) The estimated amount of CDBG Water/Wastewater Construction funds proposed to be used for activities that will meet the National Objective of benefit to low and moderate-income persons;
 - (d) The proposed CDBG Water/Wastewater Construction activities likely to result in displacement and the sponsoring unit of local government's anti-displacement and relocation plans developed in accordance with Section 104(d)(1) and (2) of the Act; and
 - (e) The basis on which the sponsoring unit of local government may provide technical assistance to groups representative of persons of low and moderate income that request assistance in developing proposals. The level and type of assistance to be provided are at the discretion of the sponsoring unit of local government. Such assistance need not include providing funds to such groups.
3. Provide for a minimum of two (2) public hearings; one prior to submission of the application for funding of the project that favors the purpose of obtaining citizens' views and formulating or responding to proposals and questions; the other at the end of the grant period, if the applicant receives funding, that discusses Grantee performance. There must be reasonable notice of the public hearings (ODOC/CD requires seven (7) working days), and they must be held at times and locations convenient to potential or actual beneficiaries, with accommodations for persons with disabilities.
4. Meet the needs of residents with limited English proficiency (LEP) in the case of public hearings where a significant number of LEP residents can reasonably be expected to participate.
5. Provide citizens with reasonable advance notice (ODOC/CD requires seven (7) working days), and the opportunity to comment on proposed activities not previously described in a unit of local government's funding request and activities which are proposed to be deleted or substantially changed in terms of purpose, scope, location or beneficiaries. Substantially changed means changes made in terms of purpose, scope, location or beneficiaries.
6. Provide the place, phone numbers, and times where and when citizens are able to communicate when submitting written complaints and grievances; the process the unit of local government will use to provide for a timely written answer to written complaints and grievances, within fifteen (15) working days where practicable.

7. The application phase public hearing must, at a minimum, address the following topics:
 - (a) Community development and housing needs;
 - (b) CDBG Water/Wastewater Construction Program purpose, i.e. meet the State's Primary National Objective to provide benefit to low and moderate-income persons.
 - (c) The development of proposed activities.
8. The Citizen Participation Plan is required to be signed and dated by the chief elected official. The Citizen Participation Plan also requires a Town/City/County seal, or it must be notarized in lieu of the seal.

8. Certified Engineering Report & Professional Cost Estimates (Attachment C – Upload to OKGrants)

CDBG Water/Wastewater Construction applications **require an uploaded copy** of the professional engineering report and professional cost estimates to be included with the application. All cost estimates shall be obtained from professional sources and submitted with the application. CDBG Water/Wastewater Construction projects must have a certified cost estimate from a professional engineer licensed to work in Oklahoma.

Guidance for Preparing an Engineering Report for CDBG Water/Wastewater Construction projects funded by the Oklahoma Department of Commerce through the Community Development Block Grant Program. The following should be used as a guide for the preparation of the Preliminary Engineering Report:

- A. General:

The Preliminary Engineering Report (PER) should briefly but clearly describe the following:

 - ✓ The present situation
 - ✓ An analysis of alternatives
 - ✓ The proposed course of action
- B. Project Planning Area:
 1. Furnish a map that shows the existing service area or municipal boundaries.
 2. When applicable, show a map of new service areas or annexed areas that are to be served by the project.
- C. Existing Facilities:
 1. Evaluate the condition and suitability for continued use. For example, you may want to discuss cost of rehabilitation versus replacement or cost of Operation & Maintenance.
 2. Adequacy of the facilities such as pumping capacities, treatment capacities, and storage capacities during the useful life of the Project.
- D. Proposed Facilities:

Provide brief but clear descriptions of proposed facilities

1. Water Systems:
 - a. Sources: Identify sources of supply and provide comparisons of each (quantity and quality).
 - b. Treatment: Compare alternatives considered.
 - c. Storage: Discuss type of tank and tank materials.
 - d. Distribution System: Give line lengths and diameter, and other key features such as valves.
 - e. Pumping Stations: Describe pump type including pumping capacity (GPM).
2. Wastewater Systems:
 - a. Collection Mains: Include information on rehabilitation of manholes, cleanout, wastewater mains, etc., when applicable. If wastewater mains are extended, briefly address reserve capacity of existing mains and treatment facilities.
 - b. Lift Stations: Briefly describe type of construction, pumps, emergency operations, and force main.
 - c. Treatment: Discuss alternative if applicable.
3. Land:

If applicable, discuss amount required, location, etc.
4. Rights:

If applicable discuss easements, permits, and rights-of-way

E. Cost Estimate:

- ✓ Construction
- ✓ Land Cost
- ✓ Engineering Cost
- ✓ Inspection Cost
- ✓ Legal Fees

Requirements for Serving New Housing Developments: Applicants requesting Water and Wastewater system expansions serving new housing developments must provide in addition to the engineering report and preliminary cost for the Water and Wastewater system the following:

- ✓ Detailed Description of the proposed housing development.
- ✓ Map of the proposed development.
- ✓ Formal development/construction budget and cost estimates.
- ✓ Detailed Work Plan Timeline for completing the housing development
- ✓ Developer's last year's audited financial statements or equivalent documentation showing the assets, liabilities, net worth, and income of the project developer.
- ✓ Last three (3) projects completed by the developer along with references.
- ✓ Three (3) years projected pro forma to evaluate the financial health of the projected project (rental units only).
- ✓ Standard lease agreement between the owner and the tenant (rental units only).
- ✓ Verification of Zoning.

Note: A Water and Wastewater system for expansions serving new housing developments will not be approved contingent upon an application for rezoning. A project must be in compliance with the applicant's subdivision regulations before a funding approval can be issued.

Residential Inspection Fees

The maximum amount of Block Grant funds that may be used for resident inspection is based on the total proposed CDBG Water/Wastewater Construction activity dollar costs using the USDA-Rural Development resident inspection fee table below:

USDA – RURAL DEVELOPMENT RESIDENT INSPECTION FEE TABLE:

Proposed CDBG Construction Amount	Percentage Limit
\$100,000 or less	5.0 (or negotiated lump sum)
\$200,000	4.2
\$300,000	3.8
\$400,000	3.5
\$500,000	3.2
\$600,000	3.0
\$700,000	2.8
\$800,000	2.65
\$900,000	2.5
\$1,000,000	2.4
\$2,000,000	2.3
\$3,000,000	2.2
\$4,000,000	2.1
\$5,000,000	2.0

The limitations are to be used by applicants as guides for CDBG Water/Wastewater Construction project proposal budgeting only. ODOC/CD does not mean to imply that percentage of professional and construction engineering fee contracts are acceptable. In the event a grant is awarded and CDBG Water/Wastewater Construction funds are used to pay for professional and construction resident inspection services, only lump sum or fixed price contracts for those services will be acceptable when procured in accordance with the CDBG Project Management Guide located at the following:

<https://www.okcommerce.gov/wp-content/uploads/CDBG-Project-Management-Guide.pdf>

ODOC/CD reserves the right to review, question, realign and/or negotiate any part of an applicant's proposed project costs including, but not limited to, resident inspection fees, activity delivery costs, leverage, all elements of construction costs, etc. Applicants should be prepared to justify the costs associated with their entire project. Any proposed costs that cannot be fully justified and/or documented shall be subject to change by ODOC/CD.

9. Applicant/Recipient Disclosure/Update Report – HUD Form 2880 (Attachment D – Upload Form to OKGrants)

This form must be completed if the minimum requirements of the disclosure are met and certified by the interested parties as set forth in the disclosure. The Applicant/Recipient Disclosure/Update Report is required to be uploaded as part of the application process.

10. Leverage (Attachments E1, E2, E3 – Upload Forms to OKGrants)

Leverage is not a threshold requirement. However, applicants will be rated on their ability to integrate the use of additional funds to carry out CDBG W/WW Construction projects. Leverage will be valued using full value for cash leverage. All leverage must be documented and verifiable.

Proposed leverage must be directly related to the proposed CDBG W/W Construction project. Leverage may consist of cash or in-kind contributions. Cash includes other federal/state grants and loans and capital improvement funds set-aside for a specified purpose in the municipal and/or county budget. Cash also includes fair market value of land, building, or materials portion of infrastructure improvements. In-kind includes the value of force account labor, voluntary labor (\$10.00 per hour) or the services and supplies provided by another local entity.

Activity Delivery Costs may be donated as “in-kind” leverage. However, the amount of Activity Delivery Costs for CDBG W/WW Construction projects is established at 8% of the CDBG W/WW Construction award. Therefore, any value of Activity Delivery Costs above that amount cannot be considered as leverage.

The value of in-kind contributions must be reasonable and verifiable. ODOC/CD reserves the right to require additional documentation of the value and extent of in-kind contributions. ODOC/CD will utilize professional engineers and/or other appropriate personnel to ascertain the validity of the in-kind contributions. Penalties such as deobligation of the grant, reduction of the grant amount or other measures deemed appropriate by ODOC/CD may be assessed for in-kind contributions not materializing. Additionally, if the applicant wishes to use volunteer labor, it might want to review its exposure to any potential liability before submitting the application.

11. LMI Documentation (Attachment F – Upload to OKGrants) As Applicable

The following are mandatory uploads for those applicants conducting Random Sample Income Surveys:

- a. LMI Beneficiary Summary Form – (Blank Copy Attachment F) *NOTE: The LMI Beneficiary Summary Form summarizes the uploaded Field Survey Sheets on one form and is required to be completely filled out to include: Town/City/Target Area, County, and Survey Date.*
- b. Random Number Table
- c. Survey Map
- d. Copy of the Original LMI Field Survey Sheets

CDBG Water/Wastewater Construction applicants must qualify their project activities under the low and moderate-income National Objective.

(a) Qualifying under the National Objective of Benefit to Low and Moderate-Income Person.

To qualify for CDBG Water/Wastewater Construction funding under the National Objective of benefit to low- and moderate-income persons, the proposed project activities must show a positive or general improvement of living condition in a definable geographic target area where

at least 51% of the occupied households/homes are of low- and moderate-income families. Low and moderate-income families have an income equal to or less than the current Section 8 low-income limits established by the United States Department of Housing and Urban Development (HUD), (Appendix D of this guidance document).

Each activity proposed for funding with CDBG Water/Wastewater Construction dollars claiming the National Objective of benefit to low and moderate-income persons, must provide data indicating the percentage of low and moderate-income beneficiaries.

Various questions must be answered before determining whether an activity proposed for CDBG Water/Wastewater Construction funding provides benefit to principally low and moderate-income families. Questions to be answered include: (1) How does the proposed activity serve the residents of the geographic target area in which it is taking place? (2) Which occupied households/homes within the geographic target area are directly affected or impacted by the proposed activity? (3) Is there a larger set of households/homes that will be served by the proposed activity?

Water or Wastewater Line Replacement or Rehabilitation: Those households directly tapped to or receiving improved service from the lines. Generally, beneficiaries are considered those persons residing in houses who receive their water through new, replaced or upgraded lines, or houses that discharge sewage into or through an improved collection line or main route to the treatment plant. Remember, concerning water and wastewater activities, it is useful to identify beneficiaries in relation to supply and distribution, and collection and treatment. Activities you propose may or may not have some or all of the same beneficiaries.

New Wastewater or Water Extensions to Previously Unserved Areas: The households/homes that will be connected to the wastewater or water line extensions are considered beneficiaries.

Once the beneficiaries for each activity proposed for funding with CDBG Water/Wastewater Construction dollars have been identified, the next step is to document the percentage of low and moderate-income households/homes that will benefit from each of those activities. This is best accomplished by performing an income survey to determine family incomes.

However, in some very limited cases, Census data may be used to document the percentage of low and moderate-income families receiving benefit. However, the use of any Census data to document the percentage of low and moderate-income beneficiaries for any CDBG Construction funded activity requires prior ODOC/CD review and approval. Any applicant intending to use Census data to document the project's percentage of low- and moderate-income beneficiaries must contact the ODOC/CD CDBG Planner via email thirty (30) days PRIOR to the application's submission deadline. The use of Census data has several HUD mandated procedural requirements and is subject to various use related restrictions. These requirements and restrictions are best directly discussed with the ODOC/CD CDBG Program Planner in order to receive the proper guidance on meeting HUD Census based eligibility and compliance requirements. **An applicant's failure to obtain prior ODOC/CD review and approval of the use of Census data to qualify the proposed CDBG project will result in a FAILED threshold rating.**

Please note that if the available Census data geographies do not reasonably correspond to

the service area, it will not be appropriate to use Census data to qualify a low- and moderate-income activity. Applicants will then be required to conduct a targeted local income survey to determine low and moderate-income compliance for the specific service area. Applicants may not prorate the Census data when a given service area includes a portion of a geography from published datasets. The low and moderate-income determination shall be made based on the entirety of the data of the census geography which the service area both completely encloses and significantly overlaps.

Income survey techniques consist of door-to-door surveys, telephone surveys, mail surveys, or any combination of the three. Regardless of the technique used, an Applicant must be able to link each income response to a specific family within a specific household/home. Blind survey techniques that cannot match households/homes and their respective family incomes will not be accepted, as they do not allow for verification should it become necessary.

For all FY 2024 income surveys, applicants must use the provided HUD Income Limits included in this Application Guidance; and only the Random Sample Survey methodology will be accepted by ODOC/CD. However, ODOC/CD will accept income surveys that have been conducted within the previous five (5) program years (FY 2019, 2020, 2021, 2022, or 2023). To be eligible for previous program years' surveys, the Applicant will be responsible for providing copies of the original Field Survey Summary Sheet, Survey Field Sheets, Random # Table, and Survey Map.

(b) Conducting an Income Survey

For those applicants conducting Random Sample Income Surveys, a sample Field Survey Form can be found in Appendix "A" of this guidance document. All applicants are required to upload in the Application "UPLOADS" section of OKGrants: 1. LMI Beneficiary Summary Form Attachment F—Note: The LMI Beneficiary Summary Form summarizes the uploaded Field Survey Sheets on one form and is required to be filled out to include: Town/City/Target Area, County and Survey Date. 2. Upload a copy of the Random Number Table that was generated by ODOC/CD to perform the survey. 3. Upload a map that identifies each surveyed home's income status (above or below low and moderate-income status); the location of all proposed CDBG and leverage activities, and the central business district. 3. Upload the Original LMI Field Survey Sheets.

An overview of the Random Sample Survey procedures is provided below.

- Step 1.** List by name and address, the number of households within the geographic area to be covered by the project (for example, the following listings may be used to identify the number of households within your universe: water billing, wastewater billing, 911 emergency service databases, or in the case of a county, the voting rolls).
- Step 2.** Alphabetize your universe by last name (all households); or list in ascending or descending order by account numbers. This establishes a random distribution for your universe.
- Step 3.** Number all households composing your universe.

- Step 4.** Based on the number of households provided, a random survey sample will be generated by ODOC/CD and provided to the Applicant along with the required response rate that must be achieved.
- Step 5.** Match the random sampling numbers to your numbered household universe and survey those locations. For example, if the random sample provided by ODOC/CD is “#47”, match that number 47, to the 47th entry on your numbered universe and survey that location. Continue to survey until you have achieved the required response rate. Do not over survey.
- Step 6.** Survey using the “Direct Project Beneficiary Income Survey Field Worksheet” provided in the appendix to this application packet (these working papers are to be retained with the permanent records of the unit of local government) and the low-income figures for your county (provided in Appendix A).
- Step 7.** Complete and upload Attachment F Beneficiary Summary Form in your *OKGrants* application Upload Section.

The table below provides the sample size of households that must be surveyed compared to the number of households identified in the target area. For example: If you had 230 occupied households in the target area you would need to survey 150 occupied households.

Required Sample Sizes for Universes of Various Sizes:

Number of Occupied Households in Target Area	Survey Sample Size
1 - 55	50 or all if less than 50 households in universe
56 - 63	55
64 - 70	60
71 - 77	65
78 - 87	70
88 - 99	80
100 - 115	90
116 - 138	100
139 - 153	110
154 - 180	125
181 - 238	150
239 - 308	175
309 - 398	200
399 - 650	250
651 - 1,200	300
1,201 - 2,700	350
2,701 or more	400

The results of the Random Survey **must be clearly shown on a map** that identifies each surveyed home with the low and moderate-income homes designated with a distinct color. Applicants performing income surveys are cautioned that incorrectly administered surveys or their resulting data regarding low and moderate-income percentage claims will be rejected. **Failure to**

include a properly marked map with the application will result in rejection and return of the application.

Determining the beneficiaries and performing a survey for any activity under any project category is critical. ODOC/CD guidance regarding beneficiaries and surveys is well advised. Therefore, all Applicants should take the time to discuss their project activities and surveys with ODOC/CD staff before performing their survey(s).

Requirements for Serving New Housing Developments: Applicants requesting Water and Wastewater system expansions serving new housing development must provide a sample Deed Restriction that will be placed on the lots to limit the income to homebuyers in Low and Moderate-Income designated units. For rental unit developments using conventional financing, a certification from the applicant and developer must be provided stating that at least 51% of the units will be designated for Low and Moderate-Income households. For rental developments using other financing means such as public subsidies including Home Investment Partnerships Program (HOME), Income Tax Credits, Section 8, etc., you must comply with the appropriate federal rules for income targeting. If using public subsidy financing, please provide a commitment letter and/or award letter. Also, provide the applicant's plans to market housing to low and moderate-income households.

12. W-9 Form & Instructions (Attachment G – Upload to OKGrants)

The W-9 form (Taxpayer Identification Number & Certification) is required to be filled out in full.

13. Severity of Need Documentation (Attachment H – Upload to OKGrants)

Water and wastewater health, safety, and welfare deficiencies may be documented in one of two ways: (1) through the presence of a legally enforceable order issued by the Oklahoma Department of Environmental Quality (ODEQ), or (2) by a written confirmation of a "hazard" from ODEQ or the County Health Department, that specifically states the cause and extent of water or wastewater health, safety, and welfare deficiency. All applicable Severity of Need documentation must be uploaded to receive a rating from ODEQ.

Requirements for Serving New Housing Developments: Applicants requesting Water and Wastewater system expansions serving new housing development must document Severity of Need by providing a formal housing market analysis prepared by a Member of the Appraisal Institute (MAI) which clearly indicates a projected three (3) to five (5) year demand for a specific number of single family ownership units and/or rental units. Market data must clearly indicate that the housing can be sold or rented in a reasonable period of time.

14. SAM.gov Exclusion / Debarment Verification (Attachment I – Upload to OKGrants)

15. Water / Wastewater Rate Verification Documentation (Attachment J – Upload Form to OKGrants)

SECTION THREE: THRESHOLD CRITERIA

Under this category, an applicant may submit a project proposal for any eligible water or wastewater project as listed under Section 105(a) of the Federal Housing and Community Development Act of 1974, as amended.

The grant maximum for the CDBG Water/Wastewater Construction application is **\$600,000**. The maximum amount of CDBG Water/Wastewater Construction funds that may be used for Activity Delivery Cost is eight percent (8%) of the total CDBG Water/Wastewater Construction funds awarded for the total construction and professional/non-construction funds provided. **Applications will be accepted through May 3, 2024.** Applications received after this date will NOT be considered for funding. Additionally, CDBG Water/Wastewater Construction projects not meeting all the threshold requirements will NOT be considered for funding.

Threshold Criteria for CDBG Water/Wastewater Construction Set-aside

1. CDBG Water/Wastewater Construction requests for funds must meet the principle CDBG National Objective of providing a direct benefit (fifty-one percent [51%] or more) to persons of low and moderate-income.
2. Cities, towns, and counties with previous CDBG funding must have close-out documents submitted by January 31, 2024.

(a) City/Town and County (Direct Jurisdiction) Applicants: **City/Towns and Counties receiving a direct jurisdictional benefit may submit only one (1) grant application per CDBG Program Year** selecting from CDBG Water/Wastewater Engineering, CDBG Water/Wastewater Construction, CDBG Community Revitalization, or CDBG Rural Economic Action Plan (REAP). A City/Town and County (Direct Jurisdiction) cannot submit a CDBG application if it currently has an open CDBG grant. **Exclusions:** Economic Development Infrastructure Financing (EDIF), Capital Improvement Planning (CIP). Typical County direct jurisdiction CDBG application projects are roads, bridges, County hospital, etc.

(b) County Sponsored Applicants: Counties acting in a “sponsorship” capacity may submit a maximum of one sponsored CDBG grant application per CDBG Program Year selecting from Water/Wastewater Engineering, Water/Wastewater Construction, Community Revitalization, or Rural Economic Action Plan (REAP). **Limitation: Counties may ONLY have one (1) open sponsored CDBG grant and still make another sponsored CDBG application. Counties cannot exceed a maximum number of two open sponsored CDBG grants open at any given time.** **Exclusions:** Economic Development Infrastructure Financing (EDIF), Capital Improvement Planning (CIP). Counties may sponsor applications where they do not have direct jurisdiction over certain public functions. Generally, these are communities with less than \$50,000 in revenue, Rural Water Districts, and Rural Fire Districts.

3. Per the design and intent of the State’s CDBG Water/Wastewater Construction Program, the following application specific limitations or restrictions are in place.
 - (a) Applicants can apply for up to a \$600,000 grant maximum.
 - (b) Applicants may not apply for more than one (1) project activity per application under this CDBG Water/Wastewater Construction set-aside.

4. A proper sponsor for CDBG Water/Wastewater Construction projects is defined as a Unit of Local government with direct jurisdiction over the majority (60%) of the proposed project beneficiaries.
5. Proof that citizen participation requirements have been met, as evidenced by an application phase public hearing and written Citizen Participation Plan.
6. All cost estimates shall be obtained from professional sources and submitted with the application. These estimates must be certified and from professional engineers, architects, construction companies, vendors, or appropriate personnel with experience to make such estimates.
7. The CDBG Water/Wastewater Construction grant request cannot exceed \$2,000 per beneficiary.
8. TOWNS AND CITIES (COUNTIES ARE EXEMPT) MUST SUBMIT A COPY OF THEIR AUDIT OR THE AGREED UPON PROCEDURES BY THE APPLICATION DEADLINE. ALL TOWNS AND CITIES THAT HAVE A JUNE 30, FISCAL YEAR END DATE ARE REQUIRED TO SUBMIT A COPY OF THEIR FY 2023 AUDIT AND TOWNS AND CITIES THAT HAVE A DECEMBER 31, FISCAL YEAR END DATE ARE REQUIRED, AS A MINIMUM, TO SUBMIT A COPY OF THEIR FY 2022 AUDIT. NO APPLICATION WILL BE CONSIDERED FOR REVIEW OR FUNDING THAT DOES NOT MEET THE REQUIREMENTS STATED ABOVE.

If a city or town receives less than \$50,000 in annual revenues from its normal business and does not have an audit or agreed upon procedures, the city or town cannot apply directly to ODOC/CD. The city or town can apply only by having the local County apply on their behalf, if the County chooses to do so. Nothing contained herein mandates a County to act as an accommodating party.

9. Applicants must provide documentation that Final Plans and Specifications have been provided to Oklahoma Department of Environmental Quality (ODEQ) or a Construction Permit has been issued by ODEQ, prior to the Application deadline. If an ODEQ Permit is not required, Applicants must provide documentation from ODEQ stating an ODEQ Permit is Not Required. If an applicant has been issued a Construction Permit and that Construction Permit is greater than one year old, a Construction Permit Extension Letter from ODEQ is required and must be Uploaded to OKGrants with the application submittal before the permit will be accepted.
10. Applicants are responsible for accomplishing online application corrections/revisions along with any applicable application upload corrections/revisions as directed by ODOC/CD staff within the pre-determined deadline. In fairness to other applicants and to maintain HUD required ODOC/CD's CDBG funding expenditure rates; ODOC/CD can NOT indefinitely hold applications until the respective application corrections/revisions are accomplished. Applications will be considered INCOMPLETE if the prescribed corrections/revisions are not made to the application within the pre-determined deadline established by ODOC/CD. This will result in a **FAILED** threshold application rating.
11. The Application Guidelines associated with this CDBG Water/Wastewater Construction set-aside contains an APPLICATION FORMS CHECKLIST outlining all application related documentation required to be uploaded into the online OKGrants application. It is the applicant's responsibility to follow this checklist and seek additional guidance from ODOC/CD

staff as required. Applicants will be responsible for following and providing each item listed on the checklist. **Failure to provide any of the required application documentation listed on the checklist will result in a FAILED application rating.** Additionally, applicants must provide a response to all application questions and satisfy all documentation requirements delineated in the CDBG Water/Wastewater Construction Application Guidelines and online OKGrants Application System including, but not limited to: Resolution, income survey results, resolution requesting assistance, survey maps, certifications, Applicant/Recipient Disclosure/Update Report, project budget, etc.

12. The application must sufficiently demonstrate an applicant's need for the requested CDBG activity. For any requested CDBG project, there is an underlying "need" for such a project. It is the responsibility of the applicant to communicate to ODOC/CD why the particular CDBG activity is being requested in the application. Failure to adequately demonstrate a project need will result in a FAILED threshold application rating. The project need is communicated in the "Project Description" section of the "CDBG Application Summary" page of the online OKGrants application. Additional narratives and supporting documentation can be uploaded in the "Uploads" page of the OKGrants application if required.

SECTION FOUR: APPLICATION RATING CRITERIA

Rating Criteria for CDBG Water/Wastewater Construction

Applications which meet threshold requirements will be ranked for funding utilizing the following criteria:

1. Project Benefit to Low to Moderate Income Percentage (2 - 15 points)

LMI %	Points
51 - 55	1
56 - 60	2
61 - 65	3
66 - 70	4
71 - 75	5
76 - 80	6
81 - 85	7
86 - 90	8
91 - 95	9
96 - 100	10

# LMI Persons	Points
0 - 250	1
251 - 500	2
501 - 750	3
751 - 1,000	4
Over 1,000	5

2. Severity of Need Water and Wastewater Projects (0 - 10 points).

Projects will be rated on water and wastewater associated documented health, safety, and welfare hazards. Water and wastewater health, safety, and welfare deficiencies may be documented in one of two ways: (1) through the presence of a legal enforceable order issued by Oklahoma Department of Environmental Quality (ODEQ) or the U.S. Environmental Protection Agency (EPA), or (2) by written confirmation of a “hazard” from ODEQ that specifically states the cause and extent of the water or wastewater, health, safety, and welfare deficiency. ODOC/CD will only accept “documented hazard” Water and Wastewater related health, safety, and welfare hazard documentation from ODEQ and EPA sources. Claims using “Legal Enforceable Orders” and “Documented Hazards” will be verified by ODOC/CD through the applicant’s submitted supporting documentation.

Water and Wastewater projects that document health, safety, and welfare hazards involving legal enforceable orders will be rated on a separate scale of severity than written documentation of hazards. The two-separate severity of need categories are as follows:

Legal Enforceable Orders	10.0 Points
Documented Hazards	5.0 Points
No Documentation	0.0 Points

Severity of Need (0 - 5 points) Water and Wastewater Projects for New Housing Construction: Projects for Water and Wastewater system expansions serving new housing developments shall be rated on their verification of the extent of the local jurisdictions housing shortage as documented by an official housing market analysis that clearly concludes a projected 3-5 year demand for a specific number of single family ownership units and/or rental units. Points will be determined by the level of impact based on the following criteria:

- ✓ Vacancy rates
- ✓ Population growth
- ✓ Projected job growth
- ✓ Number of units + Total units

3. Residential Water Rate Structure (-3 to +3 points)

Project proposals will earn points based on the first 5,000 gallons of their most current associated water rate structure. Water rate structures that favor both strong fiscal management and conservation awareness will be analyzed and awarded points by using portions of the Oklahoma “Water Resources Board’s Grant Priority Point Evaluation Policy”. Points will be awarded based on the following table:

Flat Water Rate: Unmetered charges on unmetered systems that charge a fee without regard to the amount of water used unless the proposed project involves metering of all taps on the system. **-3 points**

Decreasing Block Water Rate: Price per unit of water becomes lower as the quantity of water use increases. **-3 points**

Fixed/Uniform Water Rate: Price per unit of water, in excess of any base or minimum charge, remains constant. **0 points**

Increasing Block Water Rate: Price per unit of water increases as the quantity of water use increases. **+3 points**

4. Residential Water and Wastewater Rates (0 - 7 points)

All water and wastewater category projects will also receive points based on the revenue generating capacity of their rate structures. Water and Wastewater rates will be analyzed and awarded points by using portions of the Oklahoma “Water Resources Board’s Grant Priority Point Evaluation Policy”. The appropriate table of points is determined based on the type of services provided by the system operator. If the system operator provides water service only, then Table #1 is used; if the system operator provides wastewater service only, then Table #2 is used; and if the system operator provides both water and wastewater service, then Table #3 is used.

Table #1 - Systems Providing Water Service Only		Table #2 - Systems Providing Wastewater Service Only		Table #3 - Systems Providing Water & Wastewater Service	
Cost Per 5,000 Gallons	Points	Cost Per 5,000 Gallons	Points	Cost Per 5,000 Gallons	Points
\$35.00 or Greater	7	\$28.00 or Greater	7	\$45.00 or Greater	7
\$30.00 - \$34.99	6	\$26.00 - \$27.99	6	\$41.00 - \$44.99	6
\$25.00 - \$29.99	5	\$24.00 - \$25.99	5	\$37.00 - \$40.99	5
\$23.00 - \$24.99	4	\$22.00 - \$23.99	4	\$34.00 - \$36.99	4
\$21.00 - \$22.99	3	\$20.00 - \$21.99	3	\$32.00 - \$33.99	3
\$19.00 - \$20.99	2	\$18.00 - \$19.99	2	\$31.00 - \$31.99	2
\$18.00 - \$18.99	1	\$16.00 - \$17.99	1	\$30.00 - \$30.99	1
Less than \$18.00	0	Less than \$16.00	0	Less than \$30.00	0

5. Ability to Finance Project (0 - 10 points)

Applicants ranked by giving a standardized account of the amount of the existing water/sewer rates would have to be raised for the applicant to finance the project through a loan. The formula is as follows:

FP=AR(0.0710)

(12) (c)

FP = Estimate of amount of rates to be raised to finance project through loan

AR = Amount Requested

0.0710 = Annual rate factor for a 25-year loan at 5%

12 = Number of months per year

c = Number of Customers

Ability to Finance Project Through Loan	Points
\$12.00 or Greater	10
\$10.00 - \$11.99	9
\$9.00 - \$9.99	8
\$8.00 - \$8.99	7
\$7.00 - \$7.99	6
\$6.00 - \$6.99	5
\$5.00 - \$5.99	4
\$4.00 - \$4.99	3
\$3.00 - \$3.99	2
\$2.00 - \$2.99	1
Less than \$2.00	0

6. Grant Request Amount (0 - 3 points)

Grant Request Amount	Points
\$199,999 or Less	0
\$200,000 to \$299,999	1
\$300,000 to \$399,999	2
\$400,000 to \$600,000	3

7. Leverage (0-10 points)

Projects will be rated on their ability to integrate the use of funds other than CDBG to carry out the proposed CDBG Water/Wastewater Construction project. ***Leverage will be valued using full value for cash leverage and no point value will be given for in-kind leverage. A maximum of 10 points is available for leverage.***

Formula:

$$\begin{array}{r} \text{Cash Leverage} \quad \$ \underline{\hspace{2cm}} \\ \text{Total Cash Leverage Allowed for Rating} \end{array} \times 1 = \begin{array}{r} \$ \underline{\hspace{2cm}} \\ \$ \underline{\hspace{2cm}} \end{array}$$

$$\frac{\text{Total Cash Leverage}}{\text{Grant Request Amount}} \times 10 = \text{Leverage Points}$$

EXAMPLE:

Grant Amount Requested \$100,000

$$\begin{array}{r} \text{Cash Leverage} \quad \$50,000 \\ \text{Total Cash Leverage Allowed for Rating} \end{array} \times 1 = \begin{array}{r} \underline{\$50,000} \\ \$50,000 \end{array}$$

$$\frac{\underline{\$50,000}}{\$100,000} \times 10 = 5.0 \text{ points}$$

8. Oklahoma Department of Environmental Quality (ODEQ) Permitting (0-10 Points)

<u>Permitting Status</u>	Points
• ODEQ Permit <u>not</u> required	0
• Final Plans and Specifications submitted to ODEQ for approval	5
• Permit to Construct Issued by ODEQ	10

9. Corrective Action Point Reduction (As Applicable) (Minus 2 points)

Applications requiring minor corrections will receive a maximum two (2) point scoring reduction. These applications require ODOC/CD to formally initiate the application to a “changes required” status in OKGrants and the applicant is then required to formally “submit” the application once again through the OKGrants system. The point reduction is applicable if the application needs a correction that does NOT immediately warrant a FAILED threshold rating but has an identifiable minor requirement or procedure that was not followed and can be easily corrected. Example: required documentation is submitted unsigned; incorrect budget numbers; incorrect LMI numbers, etc. The corrective action timeframe is four (4) workdays. Corrections that remain incomplete will result in a FAILED threshold rating. NOTE: Applicants will NOT be penalized for ODOC/CD requests for clarifying information or documentation required beyond that required in the CDBG Application Guidelines or CDBG Application Guidelines errors/omissions which result in needed corrections.

Under extenuating circumstances, ODOC/CD will carefully consider correction related extensions provided legitimate reasons can be given for such time extensions. ODOC/CD will make the final determination if an extension is warranted. Corrective action time extensions will NOT be automatic and request for time extensions will be carefully considered by ODOC/CD. It will be the responsibility of the prospective applicant to make ODOC/CD aware of any issues that may affect the ability to meet the four (4) working day corrective action deadline.

APPENDIX B

LOW AND MODERATE INCOME LIMITS AND TABLE

The following definitions should be useful in the determination of a CDBG project's benefit to low and moderate income households.

Households - Household is defined as all persons who occupy a housing unit. The occupants may be a single-family, one person living alone, two (2) or more families living together, or any other group of related or unrelated persons who share living arrangements.

Low and Moderate Income Household - Low and moderate income household is defined as a household having an income equal to or less than the current Section 8 lower income limits established by HUD (please refer to the attached HUD Section 8 income limits).

HUD LOW / MODERATE INCOME PERCENTAGES (COUNTY)
