

# How to Contact your Council of Government

---

## What is a “Council of Government”?

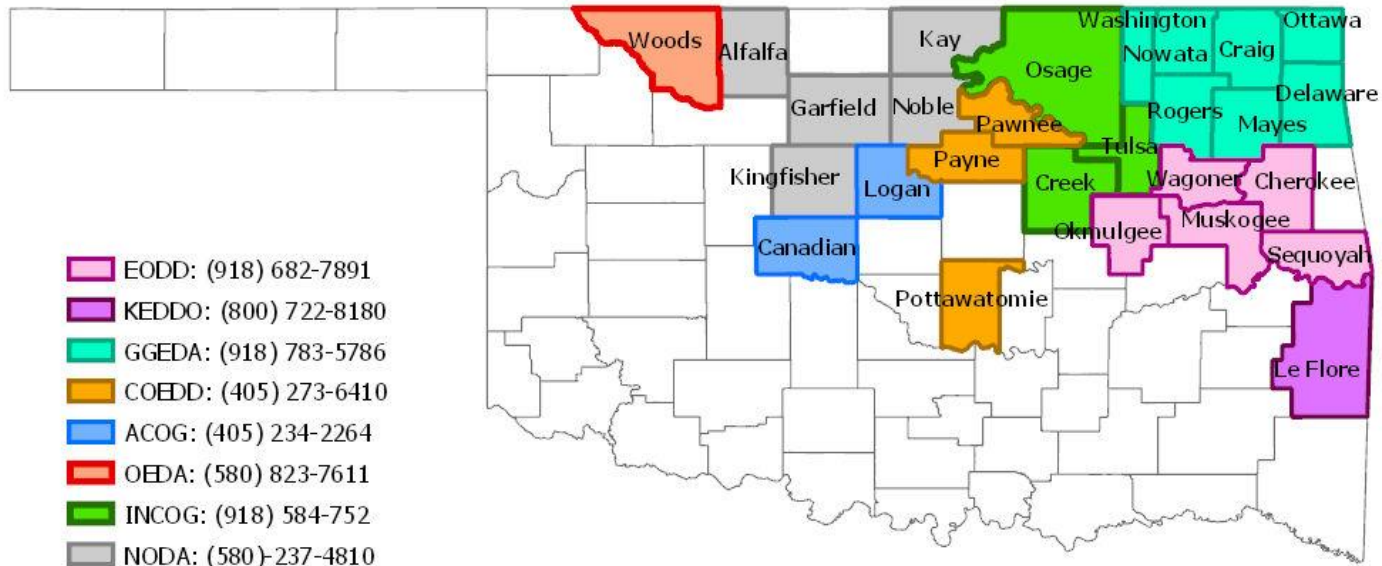

*Regional Councils are voluntary associations of local governments formed under Oklahoma law. These associations deal with the problems and planning needs that cross the boundaries of individual local governments or that require regional attention. Regional councils coordinate planning and provide a regional approach to problem solving through cooperative action. Although known by several different names, including councils of governments, regional planning commissions, associations of governments and area councils, they are most commonly referred to as “regional councils” or COGs. No legal distinction exists among the different names.*
