# BUILDINGS + SITES SEARCH

Find your ideal site in Oklahoma

View community profiles and  
demographic data on the  
communities tab

**LOCATEOK.COM**

Site uses Esri ArcGIS  
Online base maps

**Oklahoma communities can list available buildings and sites at no cost.**

LocateOK.com, an online property database managed by the Oklahoma Department of Commerce, can get your community's available sites in front of site selectors. Listings include detailed site-specific information, including proximity to major transportation routes, area labor force statistics, utilities and more.

# LocateOK.com

Use the LocateOK app to search the entire state for available buildings and sites.

## List Properties

including office, retail, and industrial along with available shovel-ready sites at no cost.

## Site Selectors use LocateOK.com

to find their next site. By listing your community's properties on LocateOK.com, you can help attract more business to your region.
