

New and Expanding Oklahoma Companies Third Quarter Report 2026

Oklahoma Department of Commerce – Research Division

Published October 2026

The New and Expanding Oklahoma Companies initiative is intended to identify, track, and communicate publicly announced business location and expansion activity within the State of Oklahoma. The program supports economic development awareness by providing a standardized, statewide view of investment activity, job creation potential, and industry growth trends based on publicly available information and program participation data. This initiative is informational in nature and is designed to promote transparency and general economic insight rather than to serve as a certification, endorsement, or verification of specific company activity.

Quarterly Report Purpose

This quarterly report is issued by the Oklahoma Department of Commerce to provide a periodic summary of publicly announced new and expanding business activity across the state. The report compiles available data related to company announcements, projected job creation, and anticipated investment for informational and general reference purposes. It is intended to present a consistent, high-level overview of economic development activity within a defined reporting period and does not constitute a comprehensive or exhaustive accounting of all business activity occurring within the State of Oklahoma.

Government Authority

This report is prepared and published by the Oklahoma Department of Commerce pursuant to its authority to administer and support economic development programs within the State of Oklahoma. The Department operates in accordance with applicable state and federal laws, including but not limited to its role as a recipient and pass-through entity for federal financial assistance where applicable. Program references within this report, including incentive programs and economic development initiatives, are administered under governing statutes, administrative rules, and applicable federal requirements, including 2 CFR Part 200 where federal funds are involved.

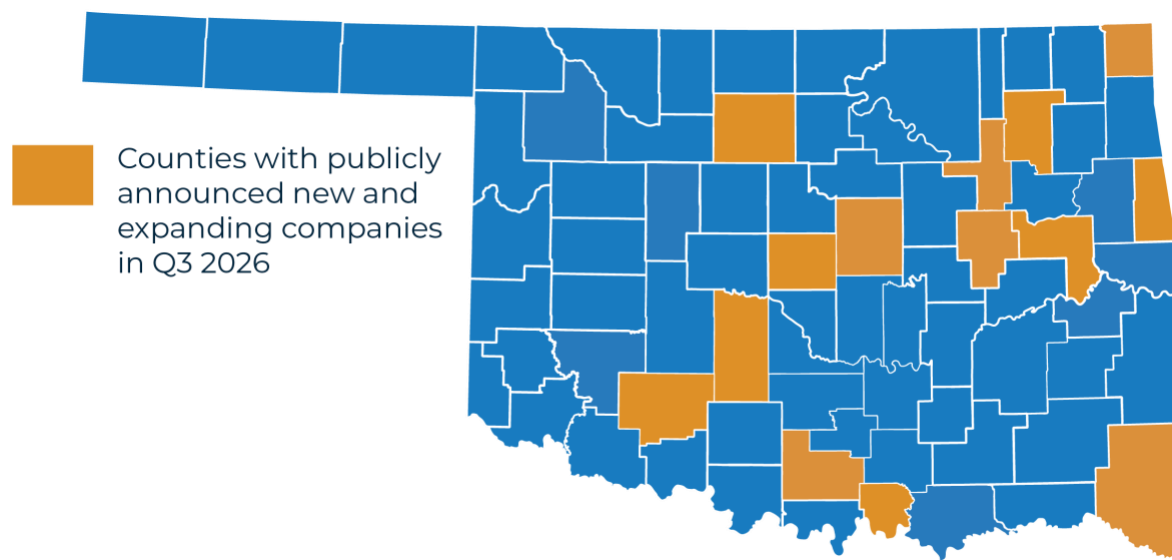

Disclaimer / Limitation of Use

This report is provided for informational purposes only. All data contained herein, including projected job creation, investment amounts, and company activity, is derived from publicly available information, third-party sources, company disclosures, and internal program data, and may not be independently verified by the Oklahoma Department of Commerce. Figures are estimates and subject to change without notice. Inclusion of any company, project, or program does not constitute endorsement, approval, or verification by the Department. This report shall not be relied upon for financial, investment, legal, or business decision-making purposes. Any reliance on this information is at the sole risk of the user.

Highlights

In the third quarter of 2026, there were a total of 25 announcements or Pooled Finance award letters for new and expanding companies statewide with a potential investment of \$1.016 billion. Of those, 8 companies are establishing a new presence in Oklahoma. At least 2,876 new jobs are expected from all announcements.

Company and industry details can be found starting on page four of this report.

Counties with publicly announced new and expanding companies in Q3 2026 indicated on the map include: Adair, Carter, Comanche, Garfield, Grady, Lincoln, Marshall, McCurtain, Muskogee, Oklahoma, Okmulgee, Ottawa, Rogers and Tulsa.

Notes

Companies making public announcements about new locations or expansion investments are included in this report. Also included are companies receiving Business Expansion Incentive Program (BEIP) or Rapid Community Response Program (RCRP) incentives. The above summary figures include anticipated new jobs and investment amounts from these programs. Bank branches, health care facilities, retail and hospitality locations and real estate developments on their own are generally not included in this report. The Oklahoma Department of Commerce does not include new locations or expansions in the report or release individual company investment amounts or new job figures unless they are made public by the company.

Quarter 3 2026 Publicly Announced New and Expanding Oklahoma Companies

Employer	City/County	New or Expanding	NAICS Industry	Notes	Date	Media Source	Development Stage
Kratos Unmanned Aerial Systems, Inc.	Oklahoma City/Oklahoma	Expanding	541330 Engineering Services	Kratos Unmanned Aerial Systems has expanded its manufacturing footprint in Oklahoma City with the addition of more than 100,000 square feet of production and assembly space. The expansion will allow for increased manufacture of the Valkyrie collaborative drone and support production of the Mighty Hornet and Firejet drones. In addition to unmanned weapons, Kratos develops C5ISR systems, defense and rocket support systems, microwave electronics, space and cybersecurity solutions, and turbine technologies.	Airforce Technology 7.6.2026	7/6/2026	Completed
Manna Drones Limited	Tulsa/Tulsa	New	336411 Aircraft Manufacturing	Manna Drones Limited, doing business as Manna Air Delivery, will bring manufacturing and its U.S. operations to Tulsa. Manna will create around 1,000 jobs in Tulsa over the next three years, with roles in manufacturing, maintenance and operations. In addition, multiple launch sites, or hubs, will be secured around the city. Manna Air Delivery is an Ireland-based drone delivery service offering local distribution of groceries, pharmaceuticals, and other household items.	Tulsa Flyer 7.8.2026	7/8/2026	Announced

Employer	City/County	New or Expanding	NAICS Industry	Notes	Date	Media Source	Development Stage
RIVERSPORT Foundation	Oklahoma City/Oklahoma	Expanding	713990 All Other Amusement and Recreation Industries)	The RIVERSPORT Foundation, on behalf of Riversport OKC, will add a terraced seating structure to its Whitewater Center venue in advance of the 2028 Olympic canoe slalom/kayak cross events. The terrace seating will provide shade, restrooms and food and beverage concessions. The first of further improvements related to the Olympics, the structure is a \$15 million investment paid by bond funding last year. The RIVERSPORT Foundation transforms lives through rowing, paddlesports, and outdoor recreation.	Oklahoman 7.9.2026	7/9/2026	Announced
Pryer Aerospace, LLC (Update)	Claremore/Rogers	Expanding	334511 Search, Detection, Navigation, Guidance, Aeronautical, and Nautical System and Instrument Manufacturing	Pryer Aerospace broke ground on a 60,000-square-foot expansion of its Claremore facility. The expansion will enhance support for existing aerospace customers and help Pryer to expand its customer base. The expansion doubles Pryer’s manufacturing space in Claremore. Pryer Aerospace provides advanced structural assembly, precision machining, metal fabrication, and other highly technical capabilities to aviation, defense, and space flight customers.	OK Commerce 7.14.2026	7/14/2026	Under Construction

Employer	City/County	New or Expanding	NAICS Industry	Notes	Date	Media Source	Development Stage	
Fluidstack Ltd	Okmulgee/Okmulgee	New	516210 Media Streaming Distribution Services, Social Networks, and Other Media Networks and Content Providers	Fluidstack Ltd plans to build a data center in Okmulgee. It is not participating in local incentives to do such. The campus will occupy 200 acres just west of Madison Avenue. The company expects to hire 50 - 100 FTEs onsite. Roles will include food service workers, janitors, landscapers, electricians, HVAC technicians, server technicians, facilities maintenance staff, and site managers, among others. The data center's first tenant will be Jane Street, an American financial company. Fluidstack builds AI data centers for American tenants.		2News Oklahoma 7.20.2026	7/20/2026	Announced
Park Aerospace Corp.	Tulsa/Tulsa	New	336413 Other Aircraft Parts and Auxiliary Equipment Manufacturing	Park Aerospace will locate an advanced composite materials manufacturing facility near Tulsa International Airport. The company will invest approximately \$65 million in the plant. Construction is expected to begin soon, with the facility anticipated to be completed in 2028. The facility is expected to employ over 100 people. Park Aerospace develops advanced composite materials, composite parts/assemblies, and aircraft struts.		OK Commerce 7.21.2026	7/21/2026	Announced
