*Please note this guidance is not comprehensive, it is intended to serve as a tool to help recreational facilities and business owners establish general protocols encountered in various situations. Effective safety measures that protect employees and citizens are critical to a successful reopening of our great state. There are unique situations not covered here, and we rely on collaboration with our local officials, businesses and citizens using their best judgement during this unprecedented time. We must all take responsibility to protect those in our community. Thank you for doing your part to ensure the safety of all Oklahomans.*
