

STATE REAP Funded Projects SFY: 2025														
Agency Name:		South Western Oklahoma Development Authority (SWODA)			Date:		10/24/2024							
Project descriptions should include:														
1. Rural Water/Sewer Projects: "Detailed" location of project			2. Equipment: Type of equipment and how equipment will be used		3. Roads/Streets: "Detailed" location and distance of road to be repaired									
REAP Project Category (1-10)	Applicant	County	**REAP Project Description		Total Project Budget Amount	REAP Requested Amount	Interest Funds Used	De-Obligated Funds Used	REAP Awarded Amount	House	Senate			
1	Town of Granite	Greer	Water study and plan will include a plan to test wells, cost to bring wells online and up to code, update permits, install treatment material and/or facility and equipment to update wells. The goal of this project is to get the water wells online, treat the water, and bring it to town to subsidize our local water. This water study and plan will determine the best way to guarantee that the citizens of Granite have access to safe and adequate drinking water, also to improve the town's system in the event of emergencies and low water supply.		\$70,500.00	\$70,500.00			\$70,500.00	52	38			
1	City of New Cordell	Washita	Replace 28 aging and worn valves in the water distribution system with new 6" gate valves and boxes. Valves are essential for controlling water flow and ensuring system integrity. The current valves have exceeded their useful life.		\$150,000.00	\$150,000.00			\$150,000.00	55	38			
1	Kiowa Co./Quartz Mtn. Reg. Water Auth.	Kiowa	Water study and plan will include a plan to test, add and/or update wells, apply for necessary permits, install, change or update treatment plant and equipment. The amount of water currently supplied to QMRWA is insufficient to meet the water demand. Been under water restrictions for the last three years due to the present drought. Must adopt a plan for the water plant and wells to increase the water supply to guarantee the citizens have access to clean drinking water and in the event of emergencies.		\$70,000.00	\$70,000.00			\$70,000.00	52	38			
3	Town of Headrick	Jackson	Clean out and camera inspect the entire sewer system for the town. The length of the system is 10,186 ft. The system is assumed to be clay pipes. There isn't enough flow to move sewage from its starting point to the town's sewer lagoons and this is causing lines to become blocked. A camera will be used for sections that may have a blockage to inspect the line to see what might be causing the blockage.		\$60,000.00	\$60,000.00			\$60,000.00	38	52			
5	Washita County/Cloud Chief RFD	Washita	Purchase a side-by-side UTV equipped with a firefighting skid unit in the back, radios, lettering and decals, lights, siren, equipment and a trailer to haul the UTV.		\$49,974.00	\$49,974.00			\$49,974.00	55	38			
10	Town of Bessie	Washita	Replacement of the roof on the community building with removing the existing roof system down to the plywood deck and install one layer 3" flat stock ISO, mechanically attached. Install one ply mil TPO membrane, mechanically attached. Flash all penetrations per manufacturer's approved details.		\$123,787.00	\$123,787.00			\$123,787.00	55	38			
1	Town of Roosevelt	Kiowa	Replace the existing self-priming centrifugal pumps with two submersible pumps. Construct a valve vault and install a new wet well top, as well as new electrical and control systems. Demolition of the existing pump station building that houses the self-priming centrifugal pumps.		\$99,990.00	\$99,990.00			\$99,990.00	63	38			
1	Town of Foss	Washita	Water treatment plant improvements, including programming services to provide the water treatment plant controls system and SCADA for remote monitoring, alarming, and service.		\$96,830.00	\$96,830.00			\$96,830.00	55	38			
1	Town of Willow	Greer	Purchase a Hydro Excavator to be used for safe location of gas lines and waterlines. Excavator will also be used to perform necessary repairs on utilities.		\$68,250.00	\$68,250.00			\$68,250.00	52	38			
5	Roger Mills County/Berlin RFD	Roger Mills	Adding a 40x60, 3 bay, metal addition to existing Berlin Fire Department.		\$110,000.00	\$110,000.00			\$110,000.00	57	27			
1	Town of Olustee	Jackson	Water well reconstruction. The town has a DEQ consent order and administrative order to lower Total trihalomethanes (TTHMs). Reconstructing the water well to comply with DEQ and blend the well water to lower the TTHM's and provide better quality water for the town.		\$150,000.00	\$150,000.00			\$150,000.00	52	38			
5	Town of Mt. View	Kiowa	Purchase 1 ton truck with fire fighting skid unit/bed with 300 gallon water tank.		\$125,000.00	\$125,000.00	\$97,827.78		\$27,172.22	63	38			

5	Jackson County/Friendship RFD	Jackson	Purchase brush fire truck with 4-wheel drive, 500 gallon water tank with 200 gallons per minute pump capacity room. The truck will be used to respond to brush fires and medical calls in the district.	\$125,000.00	\$125,000.00		\$125,000.00	\$0.00	52	38
4	Town of Arapaho	Custer	Reconstruction of Lacy Terrace Rd. Approximately 1,260' long and 40' wide. Road will be torn up and new asphalt laid down. The project begins at F St. and Lacy Terrace and ends at the cul-de-sac of Lacy Terrace.	\$125,000.00	\$125,000.00			\$125,000.00	57	26
1	Town of Canute	Washita	Replace 270 water meters due to misreading and loss of revenue.	\$120,643.00	\$120,643.00			\$120,643.00	55	38
1	City of Hobart	Kiowa	Purchase a compact track loader, polycarbonate fiber broom attachment and 17x8 wood deck tilt top trailer. Equipment will be used for waterline projects.	\$97,845.00	\$97,845.00			\$97,845.00	52	38
1	Beckham County/Beckham Co. RWD #1	Beckham	Water system improvement include replacing obsolete components and technology associated with SCADA system used to operate the system by replacing 13 SCADA panels at existing sites. (Main booster pump station, Celsor booster pump station, Merritt Rd. master meter, County Barn master meter, Wolf master meter.	\$150,000.00	\$150,000.00			\$150,000.00	52	38
1	Roger Mills County/Upper Washita CD	Roger Mills	Purchase a crew cab pickup, 1-ton, 4-wheel drive, spike bed, and grill guard to use for watershed maintenance work.	\$72,324.00	\$72,324.00			\$72,324.00	57	27
1	Washita County/Washita County RWD	Washita	Construct 2.5 miles of 4" CL200 PVC waterline. Construction will be along N. 2310 Rd. between 1130 Rd. and 1150 Rd. along the Washita River. Existing 2" lines to be replaced were constructed in 1978 and are insufficient to supply current demand.	\$150,000.00	\$150,000.00			\$150,000.00	55	38
